sponsor the event

Thank you for considering sponsorship of Fresh StART 2024! We're proud to host this fun, creative event that helps furnish the homes of families living in our Greater Susquehanna Valley. This year, our flagship upcycled furniture auction will be featured in a live auction format and we'll be introducing a more traditional silent auction filled with items from local businesses. With these changes in mind, we anticipate this event to be our biggest success yet! As DIG continues to quickly grow, we are seeking support that will directly contribute to this growth through increased staff capacity and program impact.
